Both **The Rolling Stones** and one of their longtime musicians have reflective releases on the way. First up, Eagle Rock Entertainment will offer The Rolling Stones' "Some Girls: Live In Texas 1978," caught at the height of their '70s-era heyday. The 17-track set highlights songs from the "Some Girls" album like "Miss You," "Beast Of Burden," "Shattered," "Respectable," and "When The Whip Comes Down." Look for "Some Girls: Live In Texas 1978" on DVD and Blu-Ray November 21st.
