### Buzz Cason • Record Machine

Rockabilly Hall of Famer Buzz Cason's latest release, *Record Machine* begins with the sound of a needle hitting the first groove on a vinyl record and then we're off to the races with the album's title track. A

homage to vinyl and the good ol' days, Cason notes that he's "got Rock 'n' Roll, R&B, and everything between... on my record machine." Currently celebrating his sixth decade in the music biz, Cason may not be a household name, but he's regarded as a living legend in Nashville. In fact, his career covers so many bases, his resume includes a stint as the voice of Alvin in *Alvin and The Chipmunks*. Cason's vocals are appealing, his songwriting is sharp and full of humour and his band is chockfull of crack soloists. Americana doesn't get much better than this. Dare I say, *Record Machine* is definitely Buzz-worthy! – John Sharpe
